ARTIST BIOGRAPHY

Based in Berlin, Bae2Bae is a powerhouse pair made up of Fraenz and Limbic sis. Together they bring a fresh fusion of styles, blending rhythmic grooves and drummy soundscapes into an unforgettable sonic experience.

More than just DJs, bae2bae are also the founders of LAYERS COLLECTIVE, a community supporting underrepresented DJs, performers, and visual artists from the queer and FLINTA* community.

Since 2022, LAYERS has been making waves with multidisciplinary events, workshops, and parties, bridging the gap between art and club culture while championing inclusivity and diversity.

Their mission? To make the club scene more equal, giving space for FLINTA* artists and producers to showcase their creativity and challenge perceptions of femininity.
