ARTIST BIOGRAPHY

Fascinated by sound since day one, Shakèd is crafting groove-driven house with a minimalistic edge.

Amsterdam-based DJ, live performer and producer, his sound moves between mantric repetition, gritty percussion and deep spatial detail, less about genre, more about movement.

Shakèd builds sets around texture, tension and long blends, layering his own edits and unreleased tools into high-energy performances.

On the floor he balances precision with instinct, locking dancers into hypnotic momentum.

Label Boss of Shakattack Records, he pushes his idea of hip movement enticing minimal house nastiness through digital and vinyl-only releases, with JAWS serving as a white-label outlet dedicated purely to edits.
