ARTIST BIOGRAPHY

Warm, open, and grounded, Cairo-based DJ/ Producer, Zeina crafts and curates music that is as expressive and creative as she is.

With a slow but steady commitment to building community around music, Zeina has spent the past 15 years between North America, Europe and Egypt exploring the vast space where house and techno meet.

In these intersections of cultures & forms, Zeina's selection takes flight, communicating feeling and movement in equal measure.

Currently residing in Cairo, she's set on building a place for female electronic musicians with her 'Unfamiliar' night, aiming to cross-pollinate talent and influences from the cities she's lived in.
